Summary Letter - Officer Complaint and Disciplinary Record

The following is a summary of the disciplinary actions and all complaints & internal investigations against Officer Mike Antorino on file:

June 8, 2023: Antorino received a Sustained *Written Reminder* for missing a total of 3 Department of Revenue DUI-related case hearings without explanation. The first DOR hearing missed was on September 7, 2022. The second DOR hearing missed was April 6, 2023. The 3rd DOR hearing missed was June 5, 2023. Therefore, this violated the GVPD Guiding Principles & Code of Conduct policy.

July 15, 2023: Antorino's girlfriend called to complain about an unprofessional contact with her while he was on duty. She initially alleged that he had entered her home without consent. Upon further investigation, criminal charges were not warranted. However, he was given a Sustained *Written Reminder* for violating several policies including the GVPD Guiding Principles, Oath of Office and Code of Conduct policy, which resulted in a Performance Improvement Plan being initiated.

November 27, 2024: Antorino made an open, derogatory remark about a burglary suspect during roll-call briefing, which violated the department's Code of Conduct policy & resulted in a Sustained *Written Reminder*.

February 18, 2026: Antorino's girlfriend called the PD to complain about alleged harassment that she was receiving via phone calls/voice mails/texts. She was referred to the Denver Police Department for consideration of criminal charges since the incident occurred in their jurisdiction. After an investigation, Denver PD declined to file criminal charges, however, following an internal investigation, Antorino was found in violation of the Greenwood Village Oath of Office policy, Code of Conduct policy and GVPD Guiding Principles, resulting in Sustained *Decision-Making Leave*. Antorino agreed to return to work after completing mandatory remedial training and was placed on a new Performance Improvement Plan, with the commitment he would not violate department policy again.

July 16, 2026: A citizen alleged that Antorino had acted unprofessionally following a routine traffic stop that had occurred on April 30, 2026. Antorino had contacted the citizen after the traffic stop on their personal phone, and solicited a discounted professional service, which was declined. Antorino's actions violated the Oath of Office policy, Code of Conduct policy and GVPD Guiding Principles that he had recently committed to uphold following the prior Decision-Making Leave discipline agreement. The allegations were sustained and a pre-disciplinary hearing was scheduled.

Following Antorino's pre-disciplinary hearing on these latest policy violations on 08/17/26, but prior to discipline being rendered, Officer Antorino resigned from his position.

POST Form /Rule 17 [Employment Update Request] was completed on 08/18/26 to reflect a '*resigned in lieu of termination*' status of separation.

David Oliver, Chief of Police
