Reviewer comment:

Officer Hopp was on a call at the north Walmart parked in between the entry doors. When Officer Hopp concluded his call he was dispatched on another call for service and forgot about a yellow pole near his vehicle that he had parked near. When Officer Hopp pulled away from a parked position he brushed the front quarter panel of his patrol vehicle causing minor damage to his patrol car and paint transfer. Officer Hopp immediately notified me of the damage and completed a blue team to document the damage and incident. Officer Hopp was coached and on safe driving practices and parking at calls for service and the need for his diligence to care for his issued police squad. Officer Hopp has no other accidents or incidents of discipline or damage to his vehicle. This Blue Team is approved.

Reviewer comment:

It should be noted that Officer Hopp was in violation of Policy 3.06: "Operation of Department Vehicles: Personnel operating department vehicles shall operate the vehicle in a reasonable and safe manner, exercising due caution and

judgment." Otherwise, there is no further action or investigation necessary to resolve this incident. Sgt. Metzler provide the appropriate corrective action.
