Reviewer comment:

Officer Hopp was pulling up to another officers vehicle for a meet when he misjudged the distance a brushed the other police vehicle causing minor damage. Officer Hopp advised that he misjudged the distance due to the TVI bumpers. I responded to the accident and requested Officer Tim Nye complete an accident report for the incident. Photo's of the damage are attached to the Blue Team and I have attached the image of the Accident Report. Officer Hopp was mentored and coached over the need to care for his issued vehicle and avoid accidents and damage. This Blue Team is approved.

Reviewer comment:

I concur with Sgt. Metzler's assessment and findings. The damage is minimal enough that simply removing the paint transfer should make it nearly unnoticeable and no actual repair is needed unless directed by Vehicle Maintenance. Counselling is sufficient. No further action or investigation is necessary.
