

BENT COUNTY SHERIFF'S OFFICE

SHERIFF JAKE R. SIX

UNDERSHERIFF WICK TURNER

Bradley Viner received criminal charges processed through the 16th judicial district. The charges he received were filed before 2019. He was still technically on the payroll in the start of 2019, however, his employment was terminated because of the charges he received.

The previous administration did not keep adequate records of his employment at the Bent County Sheriff's Office. His personal file is void of much information.

The actual criminal case where he received charges is not in his file. It would be on file with the 16th judicial district.

There were no record of previous complaints or disciplinary actions.
