The individual's records named above are not eligible for open inspection based upon 1) no "in-uniform or on duty conduct" and 2) no involvement alleging misconduct with a member of the public.

CO-138380 CHRIS TONGE

The personnel file contains no information regarding termination or cause of termination. Recollection from staff has provided the following:

Chris Tonge was hired by the Town of Bayfield Marshal's Office in October 2013. At some point after his hiring, he became the School Resource Officer in the Bayfield School District.

One employee believes that sometime in 2019 Mr. Tonge may have been found to be inappropriately involved with a female student. The employee understood that at some point this student came to stay with Chris Tonge and his wife. At this point former Marshal McIntyre spoke with Chris Tonge and warned him about the inappropriate behavior. A few weeks later there was a complaint from the student's father (foster parent or stepparent) regarding inappropriate text messages that were going back and forth between the student and Chris Tonge. On Monday January 13, 2020 Chris Tonge was put on Administrative Leave. The employee understood Mr. Tonge was given the opportunity to explain the situation and chose not to. Chris Tonge was terminated as an employee on Sunday January 19, 2020.

The attached public electronic information identifies his POST Certification status.
