Dear Chief Crume,

Please accept this as my official notice of retirement from the Ignacio Police Department, effective today. It has been an honor and privilege working in this community that I grew up in with the outstanding officers of this department.

In addition to my other accruals, I would please like to be paid for 212 hours of uncompensated time I accumulated during the course of the school year working numerous events beyond my normal workday, which would have been paid to me during the coming summer break. I am at your disposal if you ever need anything further of me.

Sincerely,
