

Springfield Police Department

748 Main Street / P.O. Box 4
Springfield, Colorado 81073
Office (719) 523-6241 Fax (719) 523-6956

Mr. Fraieli,

This correspondence is in response to your records request dated August 26, 2026, seeking the official portrait, any credibility disclosure notifications, all disciplinary actions and complaints received, and summaries of all internal affairs investigation reports concerning Officer Dustin Martin.

Officer Martin was most recently appointed as a peace officer with the Town of Springfield Police Department on or about September 16, 2025. Officer Martin was also previously employed by the Springfield Police Department under a prior administration.

In responding to your request, I reviewed Department records pertaining to both periods of Officer Martin's employment. That review identified no prior internal affairs investigations, official complaints, credibility disclosure notifications, or official disciplinary actions involving Officer Martin. Department records from Officer Martin's prior period of employment further reflect that his employment ended by resignation, with no indication that the resignation was associated with an internal investigation, disciplinary proceeding, or other documented adverse employment action.

The Department is currently conducting an internal affairs investigation involving Officer Martin arising from circumstances associated with his recent arrest. That investigation remains active and has not been completed. Accordingly, there is presently no completed internal affairs investigation report or final investigative summary associated with that matter.

The Department does maintain an official photograph of Officer Martin, which will be provided electronically in response to your request.

Based upon my review, other than records associated with the currently pending internal affairs investigation and the official photograph referenced above, the Department has not identified additional records responsive to the categories specified in your request.

Respectfully,

Chris Griffin
Chief of Police
Springfield Police Department
