CITIZEN COMPLAINT FORM

DATE: 11/4/2020

TIME: 11:25 AM

NAME: Hassan

ADDRESS: Resident of Log Lane

Hassan called to enquire the legalities of Chief Katz riding with his wife in his patrol car. Hassan said he has many family members in law enforcement and the town is being negligent & could be a liability. "I feel it is inappropriate and dangerous for her as well as other citizens being pulled over while she is with him. I could understand if it was a once in a while thing like he's going to lunch & he offers to pick her up." But there is no reason they need to be together all the time esp. during traffic stops. Does your board or city manager know? I would like to request documentation when they have ride alongs.

RESULT:

↳ "I'm not sure if we can disclose the ride alongs. But let me take your complaint to the board and I will give you a call after our meeting" OK "I will call you Friday - Thank you."
