MEMORANDUM

TO: Mesa County District Attorney Dan Rubinstein

FROM: Sheriff Todd Rowell

DATE: February 18, 2022

District Attorney Rubinstein:

This letter is being provided to you as notice of potential witness credibility issues involving a former employee, Matthew Spangler. Upon the completion of MCSO Internal Affairs Investigation #8840, I am advising your office that the investigation revealed a sustained finding of untruthfulness consistent with the holding in Brady v. Maryland (1968). The circumstances are contained within our Internal Affairs Investigation and may be available upon request via a court order.

Please contact me with any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "T. Rowell", is written over a white background.
